

TRUGLO[®]

WATCH COMPANY[™]

INSTRUCTION MANUAL

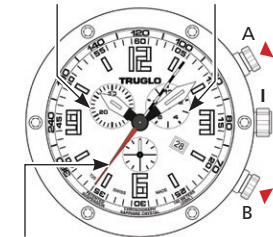

TRUGLO®

WATCH COMPANY

Thank you for purchasing a TRUGLO® watch. Having a TRUGLO® watch on your wrist means having a reliable, technical timepiece with you at all times. Your TRUGLO® watch is SWISS made and uses a precision SWISS quartz movement. In addition, it incorporates two very unique technologies — TRITIUM to illuminate your watch dial in the dark and a patented SUSPENSION system created by Formex. These features, in conjunction with a sapphire crystal, anti-reflective coating and a water-resistant stainless steel case (100 meters), make your watch one of the most unique timepieces available. Please take a moment to read these instructions, as they will help you take full advantage of your new watch and its features.

TIMING MODE

30 Minute Counter 1/10 Second Counter

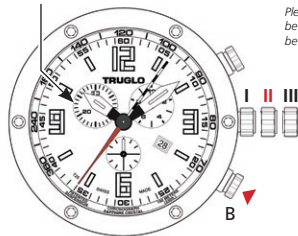

60 Second Counter

Simple timing function:

1. Make sure **Setting Crown** is in **position I**.
2. Press **Pushbutton A** once to start timing.
3. Press **Pushbutton A** again to stop timing. Minutes will display on **30 Minute Counter**, seconds on **60 Second Counter** and tenths on **1/10 Second Counter**.
4. Press **Pushbutton B** to reset timer to zero.

RESETTING THE COUNTERS TO ZERO

30 Minute Counter

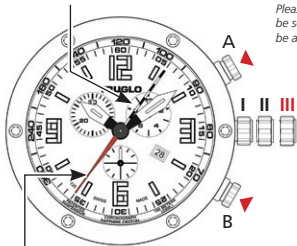

For 30 minute counter:

Please note that the counter should already be set to zero at the factory; however, if it needs to be adjusted, please follow the instructions below.

1. Move **Setting Crown** into **position II**.
2. Press **Pushbutton B** until the hand of the **30 Minute Counter** is at zero.

RESETTING THE COUNTERS TO ZERO

1/10 Second Counter

60 Second Counter

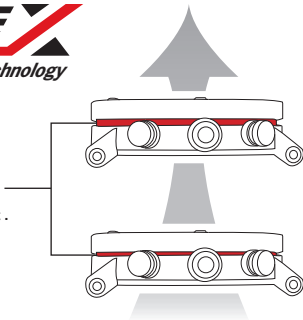

For 1/10 Second & 60 Second Counters:

Please note that the counter should already be set to zero at the factory; however, if it needs to be adjusted, please follow the instructions below.

1. Move **Setting Crown** into position III.
2. Press **Pushbutton A** until the hand of the **60 Second Counter** is at zero.
5. Press **Pushbutton B** until the hand of the **1/10 Second Counter** is at zero.

FORMEX
Patented Suspension Technology

Formex Patented Suspension Technology allows the watch face to "flex" providing shock absorption and overall comfort .
